The Harrington and Related Families of Dorchester County, by John E. "Jay" Harrington, 3 September 2015

Jay Harrington is currently president of Harrington Insurance Inc. (a family owned business in Cambridge since 1932). Jay's interest in preserving the history of Dorchester County comes from researching his family's genealogy, which has been traced back to the earliest settlers of Dorchester County. He has also served on the boards of St. Paul's United Methodist Church, the Dorchester County YMCA, the Cambridge Rotary Club and the Chorus of Dorchester.

Jay's talk was mainly about the descendants of John Edward & Annie Thompson Harrington of Madison and their impact on Dorchester County's business and their political influences. He also talked about when the Harrington's first arrived in Dorchester in the 1600's.
